

# Transparent epoxy flooring for concrete surfaces YEGREENA CRYSTAL

TDS  
CRYSTAL US(N)

TDS  
CRYSTAL US

YEGREENA CRYSTAL is a **2K solvent-free epoxy composed of solvent-free** epoxy resin and modified amine resin. It has **excellent dry film hardness, adhesion, durability, chemical resistance and dust proofness**. In particular, it has **stronger yellowing resistance**. YEGREENA CRYSTAL can form beautiful seamless finish thanks to its self-leveling properties. It is more effective if a design pattern is applied before applying YEGREENA CRYSTAL.
