

# DEC-9637

## Hardener

DEC-9637 is a hardener for non-solvent-based insulating varnish and is composed of organic peroxide.

Usage

Hardener for non-solvent-based (unsaturated polyester type) insulating varnish

### Specification

Product type	Organic peroxide
Product features	It is a general hardener for non-solvent-based (unsaturated polyester type) insulating varnish.
Thinner	None
Exterior	Transparent liquid
Specific gravity	0.91 ± 0.02
Mixing ratio	VARNISH:DEC-9637=100:1 (weight ratio)
Storage conditions	Store in a refrigerated space below 10 °C.
Shelf life	3 months from the manufacturing date

### How to Use

How to Use	1. Add an appropriate amount of the product to solvent-less insulating varnish.
Note	<ol style="list-style-type: none"><li>1. Please perform sufficient ventilation to prevent breathing of the product due to dispersion during use.</li><li>2. There is a risk of explosion from exposure to direct sunlight or heat during storage. So be sure to store it in a refrigerated space.</li><li>3. Please refer to the MSDS when handling the product.</li></ol>

► The data shown above were obtained under the laboratory conditions, and the product properties may vary depending on work method and circumstances. Please refer to the property data listed above only as reference.
