

DTB-7303

Thinner

DTB-7303 is a thinner for non-solvent-based insulating varnish products (styrene-monomer-free unsaturated polyester type).

Use

Thinner for non-solvent-based (unsaturated polyester type) insulating varnish

Specifications

Type of varnish	Acrylic monomer
Product features	1. It features outstanding dilution performance for non-solvent-based insulating varnish. 2. It is a VOC-free product.
Thinner	None
Exterior	Transparent
Specific gravity	1.07 ± 0.02
UL-certified	Not certified
Storage conditions	Store in a shaded indoor space with sufficient ventilation.
Shelf life	3 months from the manufacturing date

How to Use

How to Use	1. Add an appropriate amount of the product to non-solvent-based insulating varnish.
Note	1. Please perform sufficient ventilation to prevent breathing of the product due to dispersion during use. 2. There is a possibility of the product turning into gel if the product is exposed to direct sunlight or heat during storage. Thus store the product in a space far away from heat sources. 3. Please refer to the MSDS when handling the product.

► The data shown above were obtained under the laboratory conditions, and the product properties may vary depending on work method and circumstances. Please refer to the property data listed above only as reference.
