SOON & SOO Plus

It is an eco-friendly, water based interior paint formulated by EVA resin. It does not contain VOCs and heavy metals, and it does not give off odor during applying or drying. With a vinyl emulsion base, it can be applied uniformly and easily during application. It is a water based interior finishing paint with excellent hiding power as compared to the ordinary KS interior paint and it produces a smooth and clean appearance.

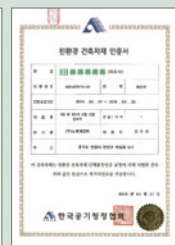

Applications

- Finishing for concrete interior wall surfaces, cement mortar and plaster materials
- New building or maintenance for residential places, commercial buildings, public facilities, etc.

Plus⁺ Point

- Outstanding hiding power as compared to the ordinary KS interior products
- Excellent workability with a roller due to high build efficiency and smooth and elegance appearance.
- Exact color reproducibility

Features

KS standard product

(KS M 6010 Class 2 Type 2)

Eco-friendly water-based paint

- Nontoxic EVA resin is used
- No harmful substances and no(gasoline) odor
- Environmental Mark Certification and Environment-friendly Building Material Certification

Using EVA Resin

- An EVA resin is a nontoxic resin formulated by ethylene and vinyl acetate and is mainly used in packing materials for food, medical supplies, etc.
- Vinyl acetate is safe enough to be used as a food additive and is harmless to humans.

Theoretical coverage :

5~7 m² / l (60μm)

※ Fully understand the instructions of the technical data package and the warnings & cautions before using the product.
